

**WE BELIEVE that every student can learn and succeed.**

The WHILDE Method is a WHOLE CHILD Educational Company where we acknowledge that children are multifaceted individuals. Therefore, we focus on not only academics but also Social, Emotional, and Physical development.

---

**The WHILDE Method Blueprint:** Parents, teachers, and clinicians gain invaluable insight into a student's strengths, needs, skills, and interests, enabling them to support their development better. This knowledge can be used to create personalized learning plans tailored to the individual student, helping them reach their full potential. This invaluable resource is essential for every child's development.

**Executive Function Behavioral Program (EFBP):** Every child is unique and requires a tailored approach when assessing executive functioning abilities. By considering each individual's strengths and weaknesses, we can create a comprehensive plan to help them reach their full potential. Blending in Cognitive Behavioral Therapy to help heal the body, our EFBP shows a long-lasting success rate. It also includes a WHILDE Blueprint.

**Neurodiversity Coaching:** Our Neurodiversity Coaching supports Students with the following Superpowers: ADHD, Autism, Anxiety, Dyslexia, Executive Function, and Sensory Processing Disorder. We reject a one-size-fits-all model and instead strive to meet students where they are and assist them in discovering how their brains absorb information. Includes a WHILDE Executive Function and Learning Styles Assessment

**Lindamood-Bell Literacy Coaching** stimulates cognitive skills to help with reading fluency and language comprehension. It uses multiple sensory stimulation techniques to engage the brain in learning to visualize words and sounds and how they feel in the mouth. Lindamood-Bell is highly recommended for kinesthetic and visual learners and is extremely successful in helping students with dyslexia, visual motor processing, and struggling readers. Includes a WHILDE Learning Styles Assessment.

## PROGRAM LISTING

**Parent Support Program** - When you are a parent of a neurodiverse child, it can be an incredibly overwhelming experience. Having a reliable source of support, guidance, and education is a great way to help parents gain the knowledge and skills they need to support their children effectively. The Full program **includes one WHILDE Blueprint**, an hour consultation followed up with a report, and a plan on best supporting you, along with five additional hours of support.

**Live WHILDE Workshops** - Four engaging workshop series based on the WHILDE Methods Blueprint inspire students to engage and thrive when focusing on the physical, intellectual, emotional, and social aspects of the whole child. We conduct the series four times a year, so keep looking for a date that works for you. 1) Executive Function, 2) Learning Styles, 3) B·A·I·N·E·S & SEL, 4) **WHILDE Blueprint**.

**We also offer COURSE-SPECIFIC TUTORING:** Offered for Math and English.

### Summer Programs

**Lindamood-Bell Literacy Summer Program** - Lindamood-Bell is a multi-sensory learning approach that helps students who struggle with reading and other visual learning processes. This innovative approach trains the brain to visualize words and pictures, providing an effective solution for students with dyslexia, dysgraphia, or difficulty with reading. This group program is for ages 7 – 13 from July 10th to August 17<sup>th</sup>.

**Social Behavioral Group Summer Program** - Social and behavioral learning states that behavior is far more intricate than the simplistic response-based approach of behaviorism. It proposes that students learn by observing and then opt to imitate the behavior they have seen. Moreover, a plethora of underlying emotions can have a significant influence on behavior. This group program for ages 5 – 10 runs from June 19<sup>th</sup> – July 21<sup>st</sup> AND July 24<sup>th</sup> – August 18<sup>th</sup>.
